Who I am.

SENIOR MULTIMEDIA DESIGNER

The design Swiss Army Knife you've been looking for.

With over two decades of experience across B2B and B2C tech, health, cybersecurity, government, and financial.

I bring an unusually broad creative toolkit to every engagement. I've led design across marketing functions at Fortune-500-level companies and fast-moving startups alike — always delivering on-brand, on-time, and on-point.

My superpower is creative flexibility: I can conceive a campaign concept in the morning, produce an animated explainer by afternoon, and deliver a polished client presentation by end of day. I thrive at the intersection of big-picture thinking and pixel-perfect execution.

I believe the best work happens in genuine collaboration — I work closely with PMs, content teams, executives, and clients to turn briefs into outcomes.

Not just deliverables. Outcomes.

“I'm not just a designer — I'm a creative problem-solver who bridges strategy, storytelling, & execution to build brands that people genuinely connect with & convert.”

With 25+ years across B2B and B2C tech, health, cybersecurity, government, and financial sectors, I bring an unusually broad creative toolkit to every engagement. My superpower is creative flexibility: conceiving a campaign concept in the morning, producing an animated explainer by afternoon, and delivering a polished executive presentation by end of day. Bilingual in English and Latin American Spanish — I translate and proof all materials natively, giving campaigns an authentically resonant voice across cultures.

- ✓ Produced broadcast-quality animated explainers, logo animations, and webinar content for global pharmaceutical, fintech, and growth-stage brands.
- ✓ Built cohesive brand ecosystems — logos, style guides, campaign identities, and cross-channel design systems — from concept to final asset delivery.
- ✓ Designed and managed end-to-end digital marketing production: email campaigns, social graphics, web banners, animated GIFs, large-format event visuals, and digital out-of-home.
- ✓ Delivered bilingual creative across all touchpoints — translating and proofing English/Spanish materials with no agency middlemen.
- ✓ Collaborated directly with PMs, content teams, executives, and clients to align creative strategy with measurable business outcomes.
